

MASSACHUSETTS HOUSING AND SHELTER ALLIANCE

ANNUAL MEETING 2009

Return on investment.

That's what the Massachusetts
Housing and Shelter Alliance
(MHSA) is about.

Despite a difficult economic climate the past year, investments in ending homelessness continued to pay dividends.

This year, investments in the
MHSA mission to end
homelessness yielded big
gains...

Nearly \$9,000 saved
annually per person
through our collaborative
statewide Housing First
initiative *Home & Healthy
for Good*

More than **\$17,500** annually
in Medicaid savings per
person among *Home &
Healthy for Good* tenants

*...healthier lives and
more efficient use of
resources*

A 95 percent retention rate
among *Journey to
Success* tenants

*...we've planted the
seeds of new lives*

Leveraged dollars to
convert shelter beds into
housing units

*...creating permanent
solutions to homelessness*

As shareholders in
the future of our
Commonwealth,

let's invest in...

Improving lives

Restoring hope

Creating cost-effective
solutions to
homelessness
